**DETAILED ACTION**

***Allowable Subject Matter***

**Claims 1-2 are allowed in view of the prior art.**

The following is an examiner's statement of reasons for allowance:

As to claims 1 and 2, the prior art of record, taken either alone or in combination, fails to disclose or render obvious a laser interferometer displacement measuring system, in combination with the rest of the limitations of the above claims.

With further regard to the above claims, the prior art fails to disclose means for suppressing (claim 1) or the suppression of (claim 2) a relative peak intensity with respect to a baseline of a frequency spectrum of a peak frequency component of a signal generated by the device with respect to the speed of motion of the object being measured, in combination with the rest of the limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A. Lyons whose telephone number is 571-272-2420. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory J Toatley can be reached on 571-272-2800 ext. 77. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
